EDUCATION

Bachelor of Computer Science – Software Engineering

Virtual University of Pakistan

2010 – 2014

Intermediate Computer Science

Wise College

2008 – 2010

Matriculation

Defence Public School

2007

SKILLS

Technologies

- React.js
- Laravel
- Angular.js
- Node.js
- Express.js
- Tailwind CSS

Languages

- JavaScript
- PHP

Other

- Git & Git Hub
- HTML & CSS

GitHub Projects

Portfolio Website:

Designed and built a personal portfolio website using HTML, CSS, and JavaScript to showcase my web development skills and projects on Next.js app.

GitHub Repository: <https://main--mbilawalzaman-portfolio.netlify.app>

Project Management System:

- Developed a Project Management System Website using React.js for the frontend and Express.js for backend.
- Ensured an intuitive user interface, focusing on user experience and seamless navigation.
- Employed for building a scalable and high-performance backend.

GitHub Repository: <https://www.github.com/mbilawalzaman/PMS-Project>

Responsive Landing Page:

Designed a responsive landing webpage using HTML, CSS, and JavaScript to showcase my web development skills and projects on Next.js app.

GitHub Repository: <https://www.github.com/mbilawalzaman/CODSOFT-Landing-Page.git>

Build Zakat Calculator:

Designed and built a simple calculator using HTML, CSS, and JavaScript to showcase my web development skills and projects on Next.js app.

GitHub Repository: <https://zakaatcalculator.netlify.app>

Build Calculator:

Designed and built a simple calculator using HTML, CSS, and JavaScript to showcase my web development skills and projects on Next.js app.

GitHub Repository: <https://codsoft-calculator316.netlify.app/>

Work Experience

Associate Software Engineer

Jul 2024 - Present

SandyApps - Lahore

- Led development efforts for the BlockAPT project, a comprehensive cybersecurity platform.
- Proficient in PHP, Laravel, Node.js, and Express.js for developing robust server-side applications and RESTful APIs.
- Experienced in MySQL and MongoDB for efficient database management and ensuring data integrity.
- Skilled in React.js and AngularJS for creating dynamic, responsive user interfaces using InteriaJS.
- Collaborated effectively on team projects using Git for version control and adhered to Agile development methodologies.
- Committed to continuous learning, staying updated on industry trends, and implementing innovative solutions in web development.

Software Engineer - Trainee

Apr 2024 - Jun 2024

SandyApps - Lahore

- Proficiency in Node.js and Express.js for crafting server-side applications and developing RESTful APIs.
- Extensive experience with MongoDB to ensure efficient database management and uphold data integrity.
- Skillful in React.js to create responsive user interfaces and implement navigation using React Router.
- Collaborated effectively on team projects using Git and followed agile methodologies for software development.
- Committed to keeping abreast of industry trends and applying innovative approaches in web development.

MERN Stack - Trainee

Nov 2023 - Jan 2024

Knowledge Streams

- Proficient in Node.js and Express.js for building server-side applications and RESTful APIs.
- Experienced in MongoDB for efficient database management and ensuring data integrity.
- Skilled in React.js for creating dynamic, responsive user interfaces and navigation using React Router.
- Collaborated on team projects using Git and followed agile development methodologies.
- Committed to staying updated on industry trends and applying innovative solutions in web development.

Front-End Developer - Intern

Aug 2023 - Oct 2023

Axis Cyber- Solutions

- Collaborated on user-friendly web applications using HTML, CSS, and JavaScript in React.js and Next.js.
- Optimized user interfaces for a seamless experience.
- Implemented Next.js server-side rendering for improved performance and SEO.
- Maintained code quality through code reviews and troubleshooting.
- Stayed current with front-end trends, integrating React and Next.js as required.
